SUBJECT: **FUNDING AUGMENTATION FOR THE REGENTS OF THE UNIVERSITY OF CALIFORNIA, LOS ANGELES, CONTRACT NO. PH-000179-2**

This is to inform you that we plan to implement the adjustments and reallocations provision for our agreement with The Regents of the University of California, Los Angeles using the delegated authority granted by the Board on May 29, 2007 (Board Agenda Synopsis #50). This provision allows the Director of Public Health or his authorized designee to augment funds in amounts up to 25 percent of the contract's budget.

Alcohol and Drug Program Administration is proposing to augment the contract for the following reason:

To provide training sessions to County treatment staff, community treatment provider staff, medical providers, and others serving Co-Occurring Disorder clients.

Attachment 1 is a description of the services affected by this amendment. Attachment 2 shows the contract's current and proposed funding amounts

If you have any questions or need additional information, please let me know.

ALCOHOL AND DRUG SERVICES AGREEMENT (Evaluation Services)

Alcohol and drug evaluation services are planned activities directed towards the design and implementation of an on-going evaluation program which will determine the effectiveness of services provided by County contracted alcohol and drug services providers, with the exception of Driving-Under-The-Influence programs and Penal Code 1000 Deferred Entry of Judgement programs. Special emphasis shall be placed on services provided as a result of the passage of the Substance Abuse and Crime Prevention Act of 2000. Such evaluation services will include assessing the overall effectiveness of the alcohol and drug services treatment/recovery system; assessing the effectiveness of specific service modalities, client outcomes, and service components; and the reviewing of program cost for efficiency and effectiveness. Evaluation services will involve applying a countywide perspective to identifying alcohol and drug treatment outcomes. Activities determine changes in attitudes, behavior, and knowledge of individuals who participated in alcohol and drug treatment and recovery programs.
